Annual Index to Volume 25

January through December 1989

Subjects

ACUTE CARE – Comatose patient, the (Deppe), Mar, p 166
– Hypercalcemia, causes and treatment of (O'Dorisio and Cataland), Apr, p 108
– Poisoning emergencies, common (Foltin and Goldfrank), Nov, p 23
– Pulmonary embolism, acute (Reis and Goldhaber), Sept, p 101
– Respiratory failure, acute (Martin) (Part 2), Jan, p 54
– Retinal detachment (Elman), Oct, p 120
– Seizure disorders: a practical approach (Joynt), Aug, p 77
– Sexual assault, the adult female survivor of (Braen), Dec, p 43
– Shortness of breath: differential diagnosis (Raffin), May, p 98
– Spinal cord injury: the first 48 hours (Stauffer) (Part 1), June, p 101; (Part 2), July, p 80
– Trauma, craniofacial (Kulick), Dec, p 83
– Trauma, peripheral nerve (Lehman), May, p 159
– Vascular injuries of the lower limb (Perry), Oct, p 63
– Vascular injuries of the upper limb (Ward and Gylling), July, p 21

ADOLESCENT MEDICINE – Osteogenic sarcoma: current concepts (Kenan, Sherry, and Lewis), Mar, p 154

ALLERGY – Dermatitis, irritant and allergic contact (Abel), Mar, p 109
– Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47

BILIARY TRACT – Liver cancer: diagnosis (Porter), Sept, p 63

BIRTH DEFECTS – Patent ductus arteriosus, update on (Danilowicz), Aug, p 53

BLOOD DISEASES – Amyloid deposition diseases (Sherman), May, p 48

CARDIOVASCULAR SYSTEM – Amyloid deposition diseases (Sherman), May, p 48
– Cholesterol control in children: is it necessary? (Goldberg), June, p 73
– Diabetes mellitus and the heart (Dobs and Margolis), Apr(suppl), p 45
– Diabetes, peripheral vascular disease in (Kilo), Apr, p 21
– Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
– Exercise training in coronary heart disease, the role of (Kaiserauer, Iffrig, and Ehsani), Feb, p 40
– Hypotension, management of orthostatic (Tifft), Mar, p 25
– Lyme disease: prevention and intervention (Schlesinger), Oct, p 92
– Mitral regurgitation, chronic: noninvasive assessment (Smith and Brest), Dec, p 23
– Patent ductus arteriosus, update on (Danilowicz), Aug, p 53
– Pheochromocytoma, diagnosis and management of (Manger and Gifford, Jr) (Part 1), Aug, p 23; (Part 2), Sept, p 23
– Rheumatic fever, acute (Serwer), Jan, p 25
– Shortness of breath: differential diagnosis (Raffin), May, p 98

DERMATOLOGY – Amyloid deposition diseases (Sherman), May, p 48
– Carcinoma, basal cell (Shapiro, Mols-Kowalczewski, and Brodkin), Aug, p 122
– Dermatitis, irritant and allergic contact (Abel), Mar, p 109
– Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47
– Pemphigus: new insights on an old disease (Rico and Hall III), Nov, p 125
– Psoriasis, update on (Menter), June, p 23

DIAGNOSIS – Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47
– Liver cancer: diagnosis (Porter), Sept, p 63
– Lung disease, interstitial: diagnosis (Kennedy, Jr, and Fulmer), Feb, p 82
– Muscular dystrophy: diagnosis (Chutkow), May, p 138
– Shortness of breath: differential diagnosis (Raffin), May, p 98

DIET – Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
– Vitamin supplementation: fact and fancy (Margen and Ogar), Apr, p 102

DRUG ABUSE – Cigarettes, giving up, without gaining weight (Martin, Antlitz, and Valente), Oct, p 140

EMERGENCIES – Comatose patient, the (Deppe), Mar, p 166
– Hypercalcemia, causes and treatment of (O'Dorisio and Cataland), Apr, p 108
– Poisoning emergencies, common (Foltin and Goldfrank), Nov, p 23
– Pulmonary embolism, acute (Reis and Goldhaber), Sept, p 101
– Respiratory failure, acute (Martin) (Part 2), Jan, p 54
– Retinal detachment (Elman), Oct, p 120
– Seizure disorders: a practical approach (Joynt), Aug, p 77
– Sexual assault, the adult female survivor of (Braen), Dec, p 43
– Shortness of breath: differential diagnosis (Raffin), May, p 98
– Spinal cord injury: the first 48 hours (Stauffer) (Part 1), June, p 101; (Part 2), July, p 80
– Trauma, craniofacial (Kulick), Dec, p 83
– Trauma, peripheral nerve (Lehman), May, p 159
– Vascular injuries of the lower limb (Perry), Oct, p 63
– Vascular injuries of the upper limb (Ward and Gylling), July, p 21

ENDOCRINE DISORDERS – Amenorrhea, initial work-up for (Gibbons), Aug, p 90
– Comatose patient, the (Deppe), Mar, p 166
– Diabetes mellitus and the heart (Dobs and Margolis), Apr(suppl), p 45
– Diabetes mellitus and the urinary system (Salem, Zawada, Jr, and Farris), Apr(suppl), p 62
– Diabetes, peripheral vascular disease in (Kilo), Apr, p 21
– Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
– Diabetic foot, caring for the (Tromanhauser and Jacobs), Apr(suppl), p 28
– Diabetic retinal disease, update on (Wilcox, Jr), July, p 101
– Graves' disease, the psychiatric manifestations of (Trzepacz and Levey), June, p 64
– Menopausal mood disorders (Rosenthal), July, p 120
– Pheochromocytoma, diagnosis and management of (Manger and Gifford, Jr) (Part 1), Aug, p 23; (Part 2), Sept, p 23
– Premenstrual syndrome, diagnosis and management of (Lauersen) (Part 1), Feb, p 21; (Part 2), Mar, p 68

ENVIRONMENTAL MEDICINE – Dermatitis, irritant and allergic contact (Abel), Mar, p 109
– Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47
– Lung disease, interstitial: diagnosis (Kennedy, Jr, and Fulmer), Feb, p 82

EYE DISORDERS – Retinal detachment (Elman), Oct, p 120
– Retinal disease, diabetic, update on (Wilcox, Jr), July, p 101
– Trauma, craniofacial (Kulick), Dec, p 83

GASTROINTESTINAL SYSTEM – Comatose patient, the (Deppe), Mar, p 166
– Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
– Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
– Gastritis, chronic idiopathic: clinical implications (Palmer), Feb, p 56

Annual Index to Volume 25

January through December 1989

Subjects

ACUTE CARE – Comatose patient, the (Deppe), Mar, p 166
– Hypercalcemia, causes and treatment of (O'Dorisio and Cataland), Apr, p 108
– Poisoning emergencies, common (Foltin and Goldfrank), Nov, p 23
– Pulmonary embolism, acute (Reis and Goldhaber), Sept, p 101
– Respiratory failure, acute (Martin) (Part 2), Jan, p 54
– Retinal detachment (Elman), Oct, p 120
– Seizure disorders: a practical approach (Joynt), Aug, p 77
– Sexual assault, the adult female survivor of (Braen), Dec, p 43
– Shortness of breath: differential diagnosis (Raffin), May, p 98
– Spinal cord injury: the first 48 hours (Stauffer) (Part 1), June, p 101; (Part 2), July, p 80
– Trauma, craniofacial (Kulick), Dec, p 83
– Trauma, peripheral nerve (Lehman), May, p 159
– Vascular injuries of the lower limb (Perry), Oct, p 63
– Vascular injuries of the upper limb (Ward and Gylling), July, p 21

ADOLESCENT MEDICINE – Osteogenic sarcoma: current concepts (Kenan, Sherry, and Lewis), Mar, p 154

ALLERGY – Dermatitis, irritant and allergic contact (Abel), Mar, p 109
– Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47

BILIARY TRACT – Liver cancer: diagnosis (Porter), Sept, p 63

BIRTH DEFECTS – Patent ductus arteriosus, update on (Danilowicz), Aug, p 53

BLOOD DISEASES – Amyloid deposition diseases (Sherman), May, p 48

CARDIOVASCULAR SYSTEM – Amyloid deposition diseases (Sherman), May, p 48
– Cholesterol control in children: is it necessary? (Goldberg), June, p 73
– Diabetes mellitus and the heart (Dobs and Margolis), Apr(suppl), p 45
– Diabetes, peripheral vascular disease in (Kilo), Apr, p 21

– Mitral regurgitation, chronic: noninvasive assessment (Smith and Brest), Dec, p 23
– Patent ductus arteriosus, update on (Danilowicz), Aug, p 53
– Pheochromocytoma, diagnosis and management of (Manger and Gifford, Jr) (Part 1), Aug, p 23; (Part 2), Sept, p 23
– Rheumatic fever, acute (Serwer), Jan, p 25
– Shortness of breath: differential diagnosis (Raffin), May, p 98

DERMATOLOGY – Amyloid deposition diseases (Sherman), May, p 48
– Carcinoma, basal cell (Shapiro, Mols-Kowalczewski, and Brodkin), Aug, p 122
– Dermatitis, irritant and allergic contact (Abel), Mar, p 109
– Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47
– Pemphigus: new insights on an old disease (Rico and Hall III), Nov, p 125
– Psoriasis, update on (Menter), June, p 23

DIAGNOSIS – Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47
– Liver cancer: diagnosis (Porter), Sept, p 63
– Lung disease, interstitial: diagnosis (Kennedy, Jr, and Fulmer), Feb, p 82
– Muscular dystrophy: diagnosis (Chutkow), May, p 138
– Shortness of breath: differential diagnosis (Raffin), May, p 98

DIET – Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
– Vitamin supplementation: fact and fancy (Margen and Ogar), Apr, p 102

DRUG ABUSE – Cigarettes, giving up, without gaining weight (Martin, Antlitz, and Valente), Oct, p 140

EMERGENCIES – Comatose patient, the (Deppe), Mar, p 166
– Hypercalcemia, causes and treatment of (O'Dorisio and Cataland), Apr, p 108
– Poisoning emergencies, common (Foltin and Goldfrank), Nov, p 23
– Pulmonary embolism, acute (Reis and Goldhaber), Sept, p 101
– Respiratory failure, acute (Martin) (Part 2), Jan, p 54
– Retinal detachment (Elman), Oct, p 120
– Seizure disorders: a practical approach (Joynt), Aug, p 77
– Sexual assault, the adult female survivor of (Braen), Dec, p 43
– Shortness of breath: differential diagnosis (Raffin), May, p 98
– Spinal cord injury: the first 48 hours (Stauffer) (Part 1), June, p 101; (Part 2), July, p 80
– Trauma, craniofacial (Kulick), Dec, p 83
– Trauma, peripheral nerve (Lehman), May, p 159
– Vascular injuries of the lower limb (Perry), Oct, p 63
– Vascular injuries of the upper limb (Ward and Gylling), July, p 21

ENDOCRINE DISORDERS – Amenorrhea, initial work-up for (Gibbons), Aug, p 90
– Comatose patient, the (Deppe), Mar, p 166
– Diabetes mellitus and the heart (Dobs and Margolis), Apr(suppl), p 45
– Diabetes mellitus and the urinary system (Salem, Zawada, Jr, and Farris), Apr(suppl), p 62
– Diabetes, peripheral vascular disease in (Kilo), Apr, p 21
– Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
– Diabetic foot, caring for the (Tromanhauser and Jacobs), Apr(suppl), p 28
– Diabetic retinal disease, update on (Wilcox, Jr), July, p 101
– Graves' disease, the psychiatric manifestations of (Trzepacz and Levey), June, p 64
– Menopausal mood disorders (Rosenthal), July, p 120
– Pheochromocytoma, diagnosis and management of (Manger and Gifford, Jr) (Part 1), Aug, p 23; (Part 2), Sept, p 23
– Premenstrual syndrome, diagnosis and management of (Lauersen) (Part 1), Feb, p 21; (Part 2), Mar, p 68

ENVIRONMENTAL MEDICINE – Dermatitis, irritant and allergic contact (Abel), Mar, p 109
– Dermatitis, patch testing for allergic contact (Fowler, Jr, and Clark), Sept, p 47
– Lung disease, interstitial: diagnosis (Kennedy, Jr, and Fulmer), Feb, p 82

EYE DISORDERS – Retinal detachment (Elman), Oct, p 120
– Retinal disease, diabetic, update on (Wilcox, Jr), July, p 101
– Trauma, craniofacial (Kulick), Dec, p 83

GASTROINTESTINAL SYSTEM – Comatose patient, the (Deppe), Mar, p 166
– Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
– Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
– Gastritis, chronic idiopathic: clinical implications (Palmer), Feb, p 56

–Hemorrhoids, office treatment of thrombosed external (Barnett), July, p 59
–Laryngeal cancer (Konrad), Apr, p 134
–Liver cancer: diagnosis (Porter), Sept, p 63
–Parasites, common intestinal, in the United States (Davidson) (Part 1), Mar, p 45; (Part 2), Apr, p 71
–Vitamin supplementation: fact and fancy (Margen and Ogar), Apr, p 102

HEREDITARY DISEASES–Amyloid deposition diseases (Sherman), May, p 48
–Graves' disease, the psychiatric manifestations of (Trzepacz and Levey), June, p 64

IMMUNOLOGY–AIDS, update on (Gross, Parris, and Safai), May, p 19
–Amyloid deposition diseases (Sherman), May, p 48
–Pemphigus: new insights on an old disease (Rico and Hall III), Nov, p 125

INFECTION–Diabetic foot, caring for the (Tromanhauser and Jacobs), Apr(suppl), p 28
–Lung abscess (Rubin), June, p 128

INFECTIOUS DISEASES–AIDS, update on (Gross, Parris, and Safai), May, p 19
–Cat-scratch disease, update on (Margileth), Dec, p 61
–Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
–Lyme disease: prevention and intervention (Schlesinger), Oct, p 92
–Parasites, common intestinal, in the United States (Davidson) (Part 1), Mar, p 45; (Part 2), Apr, p 71
–Rheumatic fever, acute (Serwer), Jan, p 25

MALIGNANT CONDITIONS–Amyloid deposition diseases (Sherman), May, p 48
–Basal cell carcinoma (Shapiro, Mols-Kowalczewski, and Brodkin), Aug, p 122
–Brain tumors, understanding (Day), Jan, p 101
–Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
–Endometrial carcinoma (Kaplan), Nov, p 79
–Gastritis, chronic idiopathic: clinical implications (Palmer), Feb, p 56
–Laryngeal cancer (Konrad), Apr, p 134
–Liver cancer: diagnosis (Porter), Sept, p 63
–Osteogenic sarcoma: current concepts (Kenan, Sherry, and Lewis), Mar, p 154
–Parotid gland tumors, management of (Templer), Sept, p 77

METABOLIC DISORDERS–Amyloid deposition diseases (Sherman), May, p 48
–Comatose patient, the (Deppe), Mar, p 166
–Diabetes mellitus and the heart (Dobs and Margolis), Apr(suppl), p 45
–Diabetes mellitus and the urinary system (Salem, Zawada, Jr, and Farris), Apr(suppl), p 62
–Diabetes, peripheral vascular disease in (Kilo), Apr, p 21
–Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
–Diabetic foot, caring for the (Tromanhauser and Jacobs), Apr(suppl), p 28
–Diabetic retinal disease, update on (Wilcox, Jr), July, p 101
–Graves' disease, the psychiatric manifestations of (Trzepacz and Levey), June, p 64
–Hypercalcemia, causes and treatment of (O'Dorisio and Cataland), Apr, p 108

NEUROLOGY–Brain tumors, understanding (Day), Jan, p 101
–Comatose patient, the (Deppe), Mar, p 166
–Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
–Lyme disease: prevention and intervention (Schlesinger), Oct, p 92
–Migraine, care of the patient with (Dalessio) (Part 1), Oct, p 24; (Part 2), Nov, p 97
–Muscular dystrophy: diagnosis (Chutkow), May, p 138
–Seizure disorders: a practical approach (Joynt), Aug, p 77
–Spinal cord injury: the first 48 hours (Stauffer) (Part 1), June, p 101; (Part 2), July, p 80
–Trauma, craniofacial (Kulick), Dec, p 83
–Trauma, peripheral nerve (Lehman), May, p 159
–Tumors, parotid gland, management of (Templer), Sept, p 77

NUTRITION–Diabetic diet, prescribing a proper (Engel), Apr(suppl), p 20
–Vitamin supplementation: fact and fancy (Margen and Ogar), Apr, p 102

OBSTETRICS AND GYNECOLOGY–Amenorrhea, initial work-up for (Gibbons), Aug, p 90
–Endometrial carcinoma (Kaplan), Nov, p 79
–Menopausal mood disorders (Rosenthal), July, p 120
–Premenstrual syndrome, diagnosis and management of (Lauersen) (Part 1), Feb, p 21; (Part 2), Mar, p 68
–Sexual assault, the adult female survivor of (Braen), Dec, p 43

ORAL CAVITY–Amyloid deposition diseases (Sherman), May, p 48

OTOLARYNGOLOGY–Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
–Laryngeal cancer (Konrad), Apr, p 134
–Parotid gland tumors, management of (Templer), Sept, p 77

PAIN–Back pain, the patient with low (Hochschuler), Nov, p 54

PEDIATRICS–Asthma in children (Falliers), Oct, p 47
–Cat-scratch disease, update on (Margileth), Dec, p 61
–Cholesterol control in children: is it necessary? (Goldberg), June, p 73
–Osteogenic sarcoma: current concepts (Kenan, Sherry, and Lewis), Mar, p 154
–Patent ductus arteriosus, update on (Danilowicz), Aug, p 53
–Poisoning emergencies, common (Foltin and Goldfrank), Nov, p 23
–Rheumatic fever, acute (Serwer), Jan, p 25

PSYCHIATRY–Cigarettes, giving up, without gaining weight (Martin, Antlitz, and Valente), Oct, p 140
–Graves' disease, the psychiatric manifestations of (Trzepacz and Levey), June, p 64
–Menopausal mood disorders (Rosenthal), July, p 120
–Premenstrual syndrome, diagnosis and management of (Lauersen) (Part 1), Feb, p 21; (Part 2), Mar, p 68
–Sexual assault, the adult female survivor of (Braen), Dec, p 43

RADIOLOGY–Mitral regurgitation, chronic: noninvasive assessment (Smith and Brest), Dec, p 23

RESPIRATORY SYSTEM–Amyloid deposition diseases (Sherman), May, p 48
–Asthma in children (Falliers), Oct, p 47
–Embolism, acute pulmonary (Reis and Goldhaber), Sept, p 101
–Laryngeal cancer (Konrad), Apr, p 134
–Lung abscess (Rubin), June, p 128
–Lung disease, interstitial: diagnosis (Kennedy, Jr, and Fulmer), Feb, p 82
–Respiratory failure, acute (Martin) (Part 2), Jan, p 54
–Shortness of breath: differential diagnosis (Raffin), May, p 98

RHEUMATOLOGY–Amyloid deposition diseases (Sherman), May, p 48
–Dysphagia, managing the patient with (Rubin, Battle, Snape, Jr, and Cohen), Jan, p 70
–Lyme disease: prevention and intervention (Schlesinger), Oct, p 92

SEXUALLY TRANSMITTED DISEASES–AIDS, update on (Gross, Parris, and Safai), May, p 19

SKELETAL SYSTEM–Amyloid deposition diseases (Sherman), May, p 48
–Diabetic foot, caring for the (Tromanhauser and Jacobs), Apr(suppl), p 28
–Limb, vascular injuries of the lower (Perry), Oct, p 63
–Limb, vascular injuries of the upper (Ward and Gylling), July, p 21
–Muscular dystrophy: diagnosis (Chutkow), May, p 138
–Osteogenic sarcoma: current concepts (Kenan, Sherry, and Lewis), Mar, p 154
–Pain, the patient with low back (Hochschuler), Nov, p 54
–Spinal cord injury: the first 48 hours (Stauffer) (Part 1), June, p 101; (Part 2), July, p 80
–Trauma, craniofacial (Kulick), Dec, p 83

SURGERY–Craniofacial trauma (Kulick), Dec, p 83
–Parotid gland tumors, management of (Templer), Sept, p 77

–Retinal detachment (Elman), Oct, p 120
–Vasectomy and its reversal (Goldstein), Feb, p 113

TOXICOLOGY–Comatose patient, the (Deppe), Mar, p 166
–Poisoning emergencies, common (Foltin and Goldfrank), Nov, p 23

TRAUMA–Assault, sexual, the adult female survivor of (Braen), Dec, p 43
–Craniofacial trauma (Kulick), Dec, p 83
–Nerve trauma, peripheral (Lehman), May, p 159
–Shortness of breath: differential diagnosis (Raffin), May, p 98
–Vascular injuries of the lower limb (Perry), Oct, p 63
–Vascular injuries of the upper limb (Ward and Gylling), July, p 21

UROLOGY–Amyloid deposition diseases (Sherman), May, p 48
–Comatose patient, the (Deppe), Mar, p 166
–Diabetes mellitus and the urinary system (Salem, Zawada, Jr, and Farris), Apr(suppl), p 62
–Vasectomy and its reversal (Goldstein), Feb, p 113

VASCULAR DISORDERS–Diabetes, peripheral vascular disease in (Kilo), Apr, p 21
–Hemorrhoids, office treatment of thrombosed external (Barnett), July, p 59
–Limb, vascular injuries of the lower (Perry), Oct, p 63
–Limb, vascular injuries of the upper (Ward and Gylling), July, p 21
–Migraine, care of the patient with (Dalessio) (Part 1), Oct, p 24; (Part 2), Nov, p 97
